

Beauty - week 1, reveal

Audio transcript

Nick: Okay, so we're here at Harrogate College, with Steph. We've had a fantastic time - Steph, what have you been teaching me and Pete?

Steph: So today I've been teaching you how to paint nails professionally, you've had to do a base colour and two coats of colour.

Nick: And I don't want to influence the result at all, but, we've had a brilliant time - you've been such a good teacher. Have we been good students?

Steph: You've definitely been good students - you have been so quiet. I don't know if you've ever been so quiet!

Pete: It's pressure, it's real, real pressure!

Steph: You could hear a pin drop!

Nick: Well I think...I think that was the bit that was quite difficult to get used to - the pace and everything. But you've got a spa-like environment here, haven't you? Intentionally.

Steph: Yes, it's very relaxed, very calm in here. In Beauty. So that's what you've had the experience of.

Nick: Well I didn't feel very relaxed or calm. I felt under terrible pressure!

<Laughter>

Pete: I did!

Nick: The results are in.

Steph: So, I have to say that Pete is the winner.

Pete: Yeahhhh, one-nil!

Steph: Very good effort.

Nick: Why! *Why!*

Steph: A very good effort for both of you. I think Pete just had a bit more control on the colour and he managed not to get much colour on the skin. That makes him the winner.

Pete: Better luck next time!

Nick: Well, well done Pete. And Steph thank you so much! And if anybody wants to find out more, there's loads of different beauty courses, aren't there. Give us an idea of all the different courses.

Steph: Erm, so we run Level 1, Level 2 and Level 3, and there's lots of different treatments in Level 2 which manicure would be [in]. There's manicure, pedicure, facial, makeup, eye treatments... so things like false lashes, which you're probably glad you didn't have to learn!

<Laughter>

Pete: Yeah we might leave the false lashes for now!

Steph: Yeah!

Nick: Yeah, but there's loads of things - obviously a great start for anybody who wants to be in this industry. Y'know you can learn pretty much everything, can't you?

Steph: Yeah definitely! You can work abroad, once you're qualified. You can become a teacher, like me. You can own your own business - it's just endless really! There's lots of different skills.

Nick: And the courses aren't just full time are they?

Steph: No, part time as well. We also have [an] adult provision as well so anybody is welcome from aged 16 upwards.

Nick: Fantastic. Well, have a look on the Harrogate College website and thank you again Steph for our first challenge on the King of the Courses!

Steph: Thank you, and you're very welcome - and you've been very good students.
